SUBJECT & YEAR GROUP	A-level Biology (Year 12 & 13)	
READING LIST	  	<p>This is the Year 1 course textbook and contains all the information that students are required to know. This can be used for regular revision – making notes, attempting summary questions and doing end of chapter exam questions.</p> <p>This is the A2 (Year 2) textbook. Students will be provided with this upon entering the second year of the course.</p> <p>Ensure you access the course revision guides and workbooks. These are available from: https://www.cgpbooks.co.uk/secondary-books/as-and-a-level/science/biology/bar73-new-a-level-biology-aqa-year-1-2-comple. Please note that these will be issued upon the course commencing.</p>

Additional/University Reading – This is a book which I would recommend to any student who is considering continuing with biology beyond A-level and **into degree level study**.

USEFUL WEBSITES

<http://www.aqa.org.uk/exams-administration/exams-guidance/find-past-papers-and-mark-schemes> - This is a useful website for students to find past paper questions. The sooner they get into regular practice with these, the better.

<https://www.youtube.com/channel/UCX6b17PVsYBQ0ip5gyeme-Q> - This is a YouTube channel which provides very useful 10-15 minute clips on various topics from the course. Scroll down to find the biology section of the channel. These are useful to use if you are finding it difficult to understand a topic and can be used to supplement other revision forms. However, do not rely solely on these videos.

<https://www.senecalearning.com/blog/a-level-biology-revision/> - Interactive quizzes on multiple topics from the A-level Biology specification

https://twitter.com/nature?ref_src=twsrc%5Egoogle%7Ctwcamp%5Eserp%7Ctwgr%5Eauthor – follow the “Nature” twitter page to keep up to date with the most recent advances in Science!

**SUMMER TASKS
(to be completed
before the start
of the new year)**

Write an essay outlining the importance of photosynthesis as a chemical reaction. Discuss its importance to plants but also how it impacts on other organisms too. Aim for 1000 to 1500 words.
